High School Exam PowerSchool Attendance Requirements

PowerSchool Attendance

General Statute 115C-378 states in part that no person shall encourage, entice, or counsel any such student to be unlawfully absent from school. We must not tell students they do not have to attend school if they do not have an exam. If a student is scheduled for an exam on-site and is not present in school, they are absent and must be marked absent in PowerSchool. It is important to record attendance as outlined below to remain in compliance with school attendance law.

High School Attendance will be recorded in PowerSchool on exam days as follows:

Teachers will record attendance using one of the following attendance codes during exam days for the courses and/or periods that are scheduled for exams.

1. **Present On-Site** - Students that are scheduled to be at school for the day and are present on-site (Ex. STEAMA 1 students in attendance on STEAMA 1 exam days)
2. **Present Off-Site/1R** - Students that are scheduled to be remote/off-site for the day (Ex. STEAMA 2 and Remote students on STEAMA 1 exam days)
3. **Absent/2A** - Students that are scheduled to be present on-site for the exam day, but did not report to school (Ex. STEAMA 1 students not in attendance on STEAMA 1 days)

At any point that a student is not scheduled to be on-site for an exam, the student will be marked present off-site with the 1R attendance code if they are not physically present on campus.
