

SAFARI MONTAGE Professional Development Companion Guide

Let's Build on Prior Knowledge: *"Technology In the Classroom Isn't a New Idea"*

We are going to watch a short video clip. As we are watching the video, write down the best practices presented for using technology in the classroom. We will have a brief discussion to identify prior knowledge that can be applied to what you will learn today.

--

Reflect and Wonder

REFLECT:	WONDER:
How do you currently use media in your lessons?	What unique ways does media engage students? What do you want to know more about?

Best Practices for Using Video in the Classroom

Instructional Uses of Video:

Choose one or two suggestions that would work well in your class & explain to your group why.
